Progress & Future Plans

Dave Castellar – T.G. Chairman

Amsterdam

May 2007

Training Task Group Participants

- **Dave Castellar**
- **Mike Hoke**
- **Francois Smal**
- **Al Riffal**
- **Tom Nagasaka**
- **Tom Rood**
- **Doug Larson**
- **John Gokcen**

- **Brian Finnegan**
- **Lester Cheng**
- **Anna Tocalino**
- **Charlie Seaton**
- **Andreas Meyer**
- **Hal Loken**
- **Joe Hafenrichter**

Task Group Priorities

- Expand Training Repair Manual Proposal
  - Similar type of document to "SRM", but generic in format to be used by third party trainers.
  - Expands beyond Chapter 51. Thicker format to make the training experience more realistic.
  - Real SRM's have a great deal of content that can distract a user.

- AIR 5279 Inspector Training Objectives Document
  - Training for the in process Inspector
  - Currently being updated

- AIR 5278 Engineer Training Objectives Document
  - Training to Ensure Well-Designed Repairs

Task Group Priorities

- Review the SACMA video
  - Update if necessary
  - Possibly for digital streaming.

- Training for Ramp Personnel
  - SACMA video could be used for this.

- CACRC Glossary Update
  - Preparing for balloting

Task Group Priorities

- ## Add TCO's to Training AIR's:
  - ### Further develop 3 training AIR's currently under review around TCO framework in order to facilitate creation of certification standards

- ## AIR for Scenarios Training:
  - ### Develop a document containing scenarios of actual events for encouraging student participation and improving retention.

Other Task Group Items

- Potential Technician Certification through PAMA.

- Reminder to members to Ballot on AIR 4938 and AIR 5719.
